Costa Rica Revealed: Our Signature Journey

Highlights: San Jose – Tortuguero - Arenal La Fortuna – Monteverde Cloud Forest – Pacific Coast

Natural Beauty; Rivers; Lake; Waterfalls; Volcanos and Mountains; Rainforest; Cloud forest; Jungle; Tropical Wildlife, Birdlife, Flora and Plants; National parks; Zip-lining; Hot Springs

Days 1-3: San Jose: Meet & Greet arrival transfer to your hotel. 2 nights' accommodation at the hotel of your choice. Included excursion: Half day city tour.

San Jose has a population of around 350,000 which makes it much smaller than most Central American capitals. Our half-day city tour includes the Jade and Gold Museums. We offer additional optional excursions to other areas of interest close by such as Sarchí known for its artisan crafts, the Poas and Irazu Volcanoes, La Paz Waterfall Gardens, the ancient archaeological ruins at Guayabo and the Spanish colonial basilica at Cortago.

Days 3-5: Tortuguero: Transfer to Guapiles and onward to Tortuguero. 2 nights' accommodation at a local lodge; Included excursions: Tortuguero town and Tortuguero wildlife channels.

Tortuguero National Park was created in 1975 to protect the most important nesting site of the green turtle in the Western Hemisphere and is one of the most-rewarding places in Costa Rica for spotting wildlife such as iguanas, caimans, sloths, toucans, turtles and monkeys. The park covers a total area of 194 square miles including a 15 mile stretch of coastline and 20 miles out to sea. The labyrinth of deltas, canals, and lagoons are best explored by boat.

Days 5-8: La Fortuna: Departure transfer from Tortuguero to Guapiles and onward to La Fortuna. 3 nights' accommodation. Included excursions: Cano Negro Wildlife Refuge, Arenal volcano hike; Tabacon Hot Springs with dinner.

Lake Arenal is the largest and the most important artificial lake in Costa Rica. It was man-made in 1974 to provide hydroelectric energy for the country. We include a boat tour on the Frio River within the Caño Negro Wildlife Refuge where there are great opportunities to spot fresh water turtles, iguanas, capuchin monkeys, sloths and abundance of birdlife. Arenal volcano has recently been very quiet after almost continuous eruptions between 1968 and 2010 so it is now safe to hike on its lower slopes, following a trail close to the volcano and through the forest over recent lava flows. The Tabacon Hot Springs offers the opportunity to experience a series of well-designed pools, waterfalls and cascades which are filled with naturally-flowing thermal waters with temperatures ranging from 25°C to 50°C. With five springs within the complex, the waters here do not require pumps or artificial heating.

Please contact us to discuss additional excursions and activities in the area for longer stays.

Days 8-10: Monteverde: Transfer by road and boat from La Fortuna across Lake Arenal and onwards by road to Monteverde. 2 nights' accommodation at your cloud forest lodge. Included excursion: Sky Adventure in the Monteverde Cloud Forest, including cable-car and zip-lining.

The Monteverde Cloud Forest Reserve extends over 35,000 acres and contains over 400 species of birds, 1,200 types of amphibians and reptiles and more than 100 species of mammals including ocelots, jaguars and pumas.

The Sky Adventure starts with a journey by open cable-car gondola taking you up to the Continental Divide and to one of the highest mountains of Monteverde. To descend there is a system of 8 different zip lines with a total of 2½ miles of cable enabling you to fly through the air from one mountain to another at speeds up to 40 miles per hour.

Optional activities include: Monteverde Cloud Forest or Santa Elena Cloud Forest Reserve guided hike; visit to a coffee plantation; sugar plantation tour; Monteverde Cheese dairy; biking and/or riding.

Days 10-14: Pacific Coast: Transfer from Monteverde to the Pacific Coast. We will book your hotel in Manuel Antonio, the Nicoya Peninsula or Guanacaste according to preference and budget. 4 nights' accommodation with round-trip transfers.

Manuel Antonio National Park offers lovely beaches and wonderful wildlife. The Nicoya Peninsula offers great surfing and water sports in addition to the beaches. The Guanacaste area has some of Costa Rica's best stretches of sand and most luxurious hotels.

Day 14: Departure: Departure transfer to San Jose airport in time to check-in for your flight home.
